State Adopts Constitution; Opposed Here

Illinois voters approved a new state constitution Tuesday due primarily to a whopping majority turned out in Cook County — although Quad-City voters and those in the rest of Madison County rejected the proposal by a vote of more than 3 to 1.

On the basis of virtually complete returns statewide, voters turned down a separate proposal to lower the voting age to 18 and three other propositions that would have become part of the constitution document had they passed.

The new constitution, on the basis of unofficial but almost complete returns—from 10,811 of the state's 10,916 polling places—carried by a majority of 57% of the vote cast. The main document received 1,108,338 votes in favor and 800,885 in opposition.

The vote on the new charter required only a simple majority of the vote cast. Cool weather in many parts of the state, rain in other parts and a general lack of interest limited the vote turnout to about 30% statewide. Cook County balloting amounted to 40% of the registered vote there.

Area Vote Low
The vote in the Quad-Cities, while rejecting the constitution itself as well as the four special propositions, was well below either of these voting averages. The total Madison County vote on the constitution proposal approximated 32,000, or roughly 25% of the county's slightly more than 120,000 voters.

One of the surprise developments in Tuesday's election was the solid support shown in Cook County for the appointive judges proposition.

The strength of Chicago Mayor Richard J. Daley was credited with the vote necessary to approve the main constitution document, and Daley campaigned strongly in favor of a continued elected judiciary. Despite this, Cook County voters favored the proposition to name judges by appointment by a vote of 521,440 to 453,673.

Statewide, election of judges was favored 999,280 to 788,623 over appointment.

Among the separate proposals

rejected statewide as well as by Quad-City and Madison County voters were the appointive judiciary proposal, the proposition to lower the voting age to 18, a proposal to elect state representatives from single member districts rather than by cumulative voting in multi-member districts, and a proposition to abolish the death penalty.

Study Delays Revealing Airport Site

An environmental study to predict the effects of the proposed new St. Louis Metropolitan Airport on the area's ecology cannot be completed before April, Dr. William E. Reinsnyder, professor of Yale University and consultant for the firm of R. Dixon Speas Associates, told the airport authority board at a meeting yesterday afternoon in the Sunset Hills Holiday Inn.

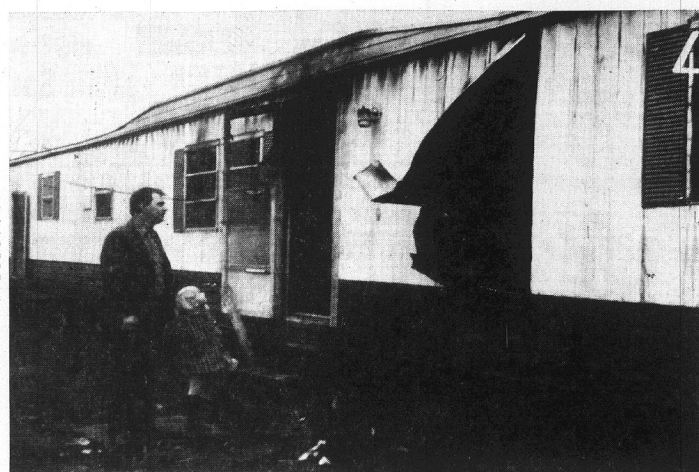

The report dampened hopes that the location of the site for the new airport could be made known this winter. Robert B. Larkin, chairman, commented after the meeting, "Let's just say it looks like the announcement will be later this winter, but we are still trying to fulfill that promise."

The board heard reports from two consulting firms, Spreas and A. D. Little, Inc. of Cambridge, Mass., on their qualifications to conduct the ecological survey. Another firm is expected to bid on the study this month.

Survey Is Required
The survey, which will cost between \$70,000 and \$90,000, is required by the Federal Aviation Administration before plans for the proposed airport can be approved.

In other business, Board Member Howard W. Kaseberg of Granite City made a motion to commit one half of the \$95,000 required for an economic feasibility study for making the new airport a modern intermodal facility, if carriers, including airlines, trucking companies, railroads and barge lines, will pay the other half. A \$5,000 grant for the study from the Pulitzer Foundation will be applied toward the half yet to be raised.

Petitions Obtained for Moerlien for Race Against Nonn in Redistricted Fifth Ward

By HARRY BARNES
Press-Record Staff Writer

An all-out political battle between two veteran Granite City council members for one of the city's top aldermanic positions as a possibility today amid a series of developments promising a widely-contested municipal election next April.

The battle—if it develops—would be between Walter Nonn, longtime alderman of Ward Five and a persuasive floor leader on council issues, and Charles Moerlien, veteran member of the council and for-

mer Granite City mayor who now sits on the council as an alderman-at-large.

Nonn, who lives at 2711 Cayuga St., already has obtained petitions as a candidate for reelection in Granite City's municipal election for which the filing period opens Monday, Dec. 28. He is one of seven Granite City aldermen whose terms expire next year and whose offices are subject to election in April.

The filing period will continue through Feb. 1, followed by a withdrawal period ending Feb. 6.

The Granite City municipal election will be held April 6.

While Nonn is in the position of running as a candidate to succeed himself as alderman of Ward Five, Moerlien, if he decides to become a candidate, must oppose Nonn theoretically as a "new candidate" on Nonn's home grounds.

This results from redistricting of the city wards two years ago in which the city's eight wards were reduced to seven. Moerlien's residential area, formerly part of Ward One, was made a part of Ward Five—Nonn's ward.

The law provided, however, that if the residential area of an alderman already serving by election was absorbed by another ward, that alderman would complete his term as an alderman-at-large. The law also provided that when that alderman's term expired, his office would be eliminated under the redistricting ordinance.

As a result, Moerlien's office as alderman becomes non-existent along with the expiration of other aldermanic terms ending in 1971. As a result of the redistricting, Granite City now has seven wards and therefore will elect seven aldermen in 1971, in contrast to eight aldermen elected every two years prior to the redistricting. Next year's election will reduce the council membership to 14 aldermen.

No Decision—Yet
Moerlien has made no announcement of his plans, but he told the Press-Record yesterday that he has made no decision at this time to get off the city council.

He said he has been requested by several delegations—and by a large number of individuals to seek re-election as a member of the city council. "I have made no decision in view of the large number of requests," he said.

Other officers of the 1971 Festival are John L. Gillis, senior vice president of Monsanto, chairman of the board; Richard Shomaker, executive vice president of Brown Shoe Co., executive vice president; Michael Witutski, assistant to the chairman of the board of McDonnell-Douglas, vice-president; C. E. Townsend, publisher of the Granite City Press-Record, secretary; and Ernest A. Karandjef, president of the Granite City Trust and Savings Bank, treasurer.

Re-elected members of the board of directors include: Elmer E. Hilpert, St. Louis, for a term expiring in 1972; Ernest A. Karandjef, Granite City; Mrs. Robert H. Lewis II, Alton; Roland W. Richards, St. Louis; Mrs. Homer Sayad, St. Louis; Illinois Lt. Gov. Paul Simon, Troy; Stuart Symington Jr., St. Louis; Dr. Albert W. Tritan, Granite City; A. D. Van Meter Jr., Springfield; Ben H. Wells, St. Louis; and Howard L. Young, St. Louis, for terms expiring in 1974.

New directors of the Festival are Mrs. Howard T. Bland, St. Louis; Mrs. James Fowler, Edwardsville; Lee E. Long, Belleville; and Julie J. Spindler, Highland.

Student directors, elected for a one-year term, are Thelma L. Chapman, Carbondale; Carolyn Cornelius, Bob Kochen, Nelson Metz, Mark L. Morgan, and Larry Summer.

Fire Destroys Residence and Holiday Gifts

By VALERIE EVENDEN
Press-Record Staff Writer

A bleak Christmas is in prospect for John and Betty Earhart and their three children. Their 65-foot mobile home, valued at \$8,700, was destroyed by fire at 10:40 a.m. Wednesday.

The 12-foot-wide living trailer, situated on a private lot at 3058 Nameoki Drive, was purchased by Mr. and Mrs. Earhart in September.

Lost in the fire were the family's entire wardrobe, household appliances, Christmas gifts and a color television set, among other items, none of which were insured. The mobile home is covered by insurance.

Captain Leslie Nash of the West Granite City fire station said the blaze apparently started in a bedroom. The cause has not yet been determined. The firefighters remained at the scene for one hour and 45 minutes.

Friends Are Helping
The Earharts, who have no relatives here, are residing in a small, three-room house at the rear of the burned-out trailer.

Their temporary home is virtually unfurnished and assistance in any form is desperately needed by the family, according to a friend and neighbor, Mrs. Patricia Blackwell, who resides at 2561 Nameoki Drive.

A drive for clothing items, food and household furnishings was initiated yesterday afternoon by Mrs. Blackwell, who said donations may be brought to her home, or taken to the family at 3058 Nameoki Drive.

"Mr. and Mrs. Earhart left home to go Christmas shopping when the children went to school at 9 a.m. Wednesday," Mrs. Blackwell told the Press-Record.

"They returned at one o'clock to find their new mobile home totally destroyed. It was a terrible shock," she said.

In Neighborhood 5 Years
The family has lived on Nameoki Drive at least five years, Mrs. Blackwell said. Earhart is employed at McDonnell-Douglas Aircraft Corp.

The Earhart youngsters are Robin, 6 years, Melissa, 12, and Timothy, 14. The two older children attend Prather Junior High School. Robin is a pupil at Logan School.

Clothes needed for the youngsters are size 5 dress and slacks and 11 shoes for Robin; size 12 dress, 12-14 slacks and 6½ shoes for Melissa; and size 20 trousers, 18 shirt and 10½ shoes for Timothy.

Wednesday Issues During Holidays
The Press-Record will publish on Monday and Wednesday for the next two weeks due to the Christmas-New Year holidays.

After the Dec. 21, 22, 23 and 24 issues, the regular Monday-Thursday publication schedule will be resumed.

One comment on Hillem's report in the Madison County superintendent of schools.

Two safety points questioned by Hillem in the report included use of chains only in securing fire doors when the building is empty and whether detectors and automatic devices tied in with the fire alarm system were effective. The school administration said it was shown that the detectors were.

Nameoki Studies Police Program

A move to set up a police protection program for Nameoki township under a state law permitting unincorporated areas to contract for protection by established law enforcement units was initiated by the Nameoki town board Monday night.

Town Clerk Louis Whitsell told the board that he has written to Sheriff John Maerz asking that a meeting be arranged in which improved law enforcement in Nameoki township will be discussed.

Whitsell said he intends to discuss with Maerz the feasibility of a contract with the sheriff's office for regular police service in the township. Under the law, townships may levy a tax up to 10 cents per \$100 assessed valuation to finance a police protection program of this kind.

Township Attorney William Schooley ruled during the meeting that the responsibility for installing fire plugs to serve Nameoki township areas lies with the Long Lake Fire District. Whitsell and town board

members said they will begin immediate negotiations with fire district officials in an effort to have plugs installed in vital areas.

Board Requesting Ruling
Schooley ruled on the question after the town board requested several weeks ago that he check into the problem. At that time the board said it was uncertain as to whether the East St. Louis & Interurban Water Co. or the fire district should be responsible for fire plug installation.

OUTVOTED ON CONSTITUTION. This view of the five Madison Public Library voting booths Tuesday reflects the relatively light turnout here. Mrs. Goldie Britt, 1832 Second St., a poll judge, waits at the Venice Township Precinct Seven ballot box, which by the end of the day contained 153 ballots out of a voter registration of 654. Quad-Cityans opposed the 1970 Illinois Constitution by a 4-1 margin but it was adopted statewide by a 4-3 "Yes" vote.

2 Swimmers Win Honors In 'All-Around' Meet

An "All-Around Swim Meet," in which contestants were required to swim nine separate events over a two-weekend period, concluded Sunday at Forest Park Community College, St. Louis.

Two members of the Tri-Cities YMCA swim team, Pad-
dy Jim Baggot and Mark Buenger, placed in the meet and received plaques. Fifteen teams took part in the tournament, sponsored by the Gateway Swim Association.

In the "All-Around Meet," times achieved by each youthful swimmer were tabulated from each event to determine the winner, with contestants superior in all nine events taking top honors. Times of competitors finishing up to eighth place were tabulated in the final score, an official explained.

The Baggot youth received a fifth place award in the 13-14 age group by capturing a fourth place win in the 200-yard breaststroke; fifth place, individual medley; sixth place, 100-yard butterfly; and seventh place in the 100-yard and 200-yard backstroke and 100-yard breaststroke and 200-yard butterfly.

Mark Buenger, who tied a national 12-13 record and broke his own Ozark AAU record in the 50-year breaststroke event at the start of the tournament Dec. 6, was presented a sixth place plaque in the 11 and 12 division.

The Buenger boy won first place awards in the 50-yard freestyle and 100-yard and 50-yard breaststroke events; second place, 100-yard freestyle; third-place tie, 50-yard backstroke; sixth place, 100-yard backstroke; and eighth place, individual medley.

Other Tri-Cities YMCA Tidal Wave swimmers who received patches for completing the nine events, but failed to place in the final judging, included Mary Beatty, Debbie Griffin and Erin Stocker, 11-12 years; Gail Schuenke, 13-14; Shannon Stocker, 10 and under; and Scott Lotrus, 12-13.

Corky the Clown, Santa Visit Youthful Patients

Children confined in the Pediatrics Ward at St. Elizabeth Hospital were surprised and delighted Monday with a visit from Corky the Clown of television fame and the youngsters' most popular personality—Santa Claus.

The favorite duo talked with the children and distributed "Get Well" cards, especially made for the occasion with TB Christmas Seals.

The visit here and to other area hospitals was sponsored by the Madison County Lewis and Clark Tuberculosis and Respiratory Disease Association.

Ted Eilerman, St. Elizabeth assistant administrator, greeted the visitors and escorted the pair through the hospital.

Accompanying Santa and Corky were Dr. Gail E. Myers of Godfrey, Christmas Seals campaign chairman for the Lewis and Clark TB and RD Association, president of the county TB group's board of directors; and Mrs. William Barth of Wood River, association executive director.

Trojans Defeated By Lancers 67-50

The Madison High School Trojans lost to the Belleville-East Lancers Tuesday 67-50.

The game, played at Belleville, saw the Trojans outscored in the first three quarters, but suddenly get hot in the fourth quarter and out point the opposition by 27-11.

The Trojans trailed 13-7, and 37-17 at the first two stanzas, and in the third quarter Belleville-East bucketed 19 points while holding the Trojans down to 6.

Larry Boyd, forward senior 62 was high point man for the Trojans with 14.

Dale Haverman, 6-5 sophomore forward was high for the Lancers with 20 points, all coming in the first three quarters. He sat out the last period.

Trojan Coach Larry Graham said, "Haverman killed us. This

kid is great and is the best sophomore player that I have ever seen. He lettered as a freshman and he's got another two years to go, unfortunately."

The Trojans made 19 field goals to 27 for the winners.

In free throws Madison made 12 out of 20, with 7 of 8 in the last quarter.

The Lancers committed 13 fouls and the Trojans 17. Scoring for the Trojans were Douglas Griggs and Clinton Burk, each with 11 points, Henry Rhodes, 6, and Ed Chandler and Jerry Bedford 4 each.

Coach Graham commented: "I think we have just as good a ball club as Belleville-East, but we just could not hit until the pressure was off in the fourth quarter. This is a sign of an inexperienced ball club and I am sure the situation will improve as they play more games and get used to the pressure of the game."

The Madison JV game went into overtime, but the Trojans came out on top with Jerry Bedford scoring 29 points and the Trojans winning 58-54.

Central of St. Louis plays at Madison at 8:15 p.m. Tuesday.

Granite City High School's wrestling team defeated Roxana 32-14 in a meet there Tuesday evening.

It was the first loss of the season for the Roxana wrestling squad, making its record 6-1. Coach Bill Schmitt's Warriors now hold a 4-1 record.

In the 96-pound class, Gary Loy won by a fall in 1:06, but he was followed by losses for Tom Huff and Harry Miller, both on decisions.

Lenny Fuchs won the 119-pound class with a pin in 5:35. Fuchs is undefeated for the season and has only been tied once. He was a state qualifier last year and held four tournament championships.

Pat Forry, who was replacing Mike Garland in the 126-pound class, was defeated 9-4, but Doug Wilson, 122, successfully handled his round to win 16-4.

At 138, Tom Eaton won 4-3, and at 145, Rich Szak won 7-4. Rich Wickham scored in the 155-pound class with a pin in 1:05, but a loss for Jack Schooley in the 167-pound class offset it.

The varsity meet ended with victories by 185-pounder Tom Kalert and heavyweight Mark Mizerski. Kalert pinned his opponent in 4:25, and Mizerski took a 15-12 decision over a close rival, Rich Wilson. Wilson was undefeated for the year, and defeated Mizerski last year at Roxana.

The junior varsity squad rolled over Roxana with a 52-4 score, all weight classes showing Granite City victories.

The Warriors varsity and junior varsity teams will meet Edwardsville at 4 p.m. Friday and will host Normandy at 1:30 p.m. Saturday.

Cougars To Go for 5th in Row

Riding a four-game winning streak, Coach Jim Dudley's University of Illinois Southern Illinois Western basketball team prepared to meet the University of Tennessee, Martin, at 8:15 p.m. Friday night at the Edwardsville High School gym. It was the Cougar cagers' longest victory streak since the sport was given varsity status at the new school four years ago.

SIU-SW's fourth victory Saturday night was a real thriller as the Cougars rallied from a 45-39 halftime deficit to nip the Preachers on a last second shot by Rich Essington, 81-79. The loss broke a 11-game (eight this season) Concordia winning streak.

The Vols, coached by Floyd Burdette, are now 2-2 following their 88-82 victory Saturday night over Indiana State at Evansville, Ind. Their other victory was a 94-88 decision over Southern State of Memphis, while they were defeated by Austin Peay, Nashville, 97-83, and Delta State of Mississippi, 96-80.

Five-game SIU-SW statistics are revealing of Coach Dudley's problem: of his 15-man starting players have seen action and big (6-7) Brown, who missed on game with a sprained ankle, is coming along strong in the victory over Concordia Brown came through with 12 big points.

The problem? That are Dudley's starters? Right now, at the guards it appears to be Rich Essington and Denny Thorneburg. Center appears still for grabs between Brown, Gene Bounds and John Nelson. At the forward it's another battle between Otis Ward, Jerry Bloomer, Roy Withoff and Nelson. In all five games, too, were guards John "Champ" Summers and Dave "Jessie" James and neither can be counted out of a starter's berth. Rugged Gayland "Foots" Lightfoot has been in only three games but has been slowed by a leg injury.

This depth of talent, particularly when Dudley went to a full-court press against Concordia, seemed to make the difference and helped give the Cougars' their victory over the Preachers.

Leading scorer for the Cougars is sophomore guard Thorneburg of Westfield, Ill., who left-handed field goal and free throw shooting has been deadly accurate in five games. He has a 20-point per game average. He's hitting an amazing .900 at the free throw line, making 40 of 44 chances.

Next in shooting is senior guard, Essington, with a 15.60 per game production. In addition, Essington is way out in the lead with assists, averaging eight per game, but closely followed by Thorneburg with five per game.

Third Cougar in double figure scoring for the season is Kanakake's Otis Ward. He's hitting at 18-point clip, but his rebounding (27) has also been crucial. Leading all SIU-SW rebounders, however, is sophomore Roy Withoff from Cobden, Ill., 40. Big Roy, however, is shooting under well under a game, a 226 clip. Best field goal percentage

Off to a real slow start is John "Champ" Summers, senior, who led the Cougars in scoring last season with a 22-point average, but in five games so far is hitting at only a 135 clip. Part of the problem may be his shift from forward to guard, but more likely the knee surgery he had last spring.

The Cougars will hit the road for three consecutive games next week, beginning Monday night at the University of Illinois, Chicago Circle.

'Y' Basketball Starts For Grade School Boys

Youtiful cagers in Madison and Venice began competitive play last week as the annual basketball program, sponsored jointly by the Madison and Venice school boards and the Tri-City Area YMCA, got underway, according to Michael Jesse, staff associate for the local "Y."

League play commenced following a two-week registration period during which the boys were organized into teams and received instruction in the fundamentals of basketball play—such as layups, dribbling, free-throw shooting, defensive play and passing, Jesse explained.

In Madison, Dan Hodges and Dave Kostenski, league supervisors, registered 30 fourth and fifth grade pupils and its sixth grade students, while in Venice, League Supervisor Stan Lynch registered 27 fourth and fifth graders.

Jesse said that each boy pays a 50 cents registration fee to participate in a 12-week program. If the boy wishes, he may apply the fee towards a YMCA Youth Department membership, the YMCA official pointed out.

Each year, the basketball program is conducted with the full cooperation of the boards of education in Venice and Madison public schools. The school districts furnish use of the gymnasium and custodians without charge to the YMCA. Qualified supervisors are provided by the YMCA from list of eligible personnel from the teaching profession in the respective communities.

In previous years, the Y basketball league series for younger children was extended to other communities, who have since established their own programs as a result of the successful operations in their area, Jesse said.

Bearcats Attribute Basketball Success To Teamwork, Spirit

McKendree College, Lebanon, numbers among its directors several Quad Cities. And it numbers among its student body a talented squad of basketball players who rose to a 4-2 record during the initial phase of their 1970-71 season.

The eight-man starting "five" includes Mike Vargo, Steve Keene and Wayne Leehring, standouts so far in the shooting, rebounding and playmaking categories.

And the best aspect of the squad is considered to be its overall performance as a unit—its team spirit and unselfish play.

Although dropping a 103-97 decision to greatly improved SIU-SW, McKendree gave the Cougars the jitters by pulling to within two points with two minutes to go.

The Bearcats at that precise point stole the ball, but they failed to score and SIU-SW then added to its narrow advantage.

MHS Matmen Drop Meet With Sumner

The Madison High School ninth grade wrestlers dropped a match with Sumner School of St. Louis Tuesday night in St. Louis by a score of 14-36.

Mike Campbell had the only pin in the match for Madison. Winners by decision for Madison were David Stearn, Jeff Davis, Glen Jackson and James Mays.

Hit-Run Accident

Timothy B. Cook, 1323 Madison Ave., Madison, told police this week that a hit and run motorist struck his car while it was parked in front of his home causing damage to the left front of the auto.

Yule Gifts to Recipients of Mobile Meals

The holiday season is being reflected in the menu of the Mobile Meals program in the Quad-Cities.

This week, the elderly and shut-ins who receive hot meals also received a Christmas food box prepared by ladies of the Granite City Army Depot, under the leadership of Mrs. John P. Jones.

In the previous week, decorated gifts of Christmas cookies were distributed. They had been prepared by the students of Mrs. Melva Nafziger, home economics teacher at Central Junior High School.

Mobile Meals is a program under which volunteers transport meals from St. Elizabeth Hospital to those whose ability to prepare lunch or to go out for lunch is limited by illness or age.

Additional cash donations have been received from the Lahey Funeral Home of Madison and the Home Builders Class of Trinity Methodist Church; it was reported this week.

The volunteers who have been delivering the meals for the past few weeks are as follows: Mr. and Mrs. Walter Hutz, Concordia Lutheran Church.

Mrs. Florence Partridge and Mrs. Fern Campbell, Tri-City Park Tabernacle.

Mr. and Mrs. Jesse Parks, Trinity Methodist Church.

Mr. and Mrs. John Harsh, St. Peter's Evangelical United Church of Christ.

Mrs. Rita Williams and Mrs. Helen Valencia, St. Margaret Mary Catholic Church.

Mrs. Mary Pritschuh, Sacred Heart Catholic Church.

Mrs. Peggy Avera, Third Baptist Church.

Mrs. Minnie Dillard and Mrs. Helen Holton of Trinity Methodist Church.

Mr. and Mrs. Walter Hutz, Concordia Lutheran Church.

Mrs. Marcella Herman and Mrs. Verna Kirkpatrick, YMCA.

Mrs. Ursula Lackey, Suburban Baptist Church.

Mrs. Helen Rehms, Sacred Heart Catholic Church.

Mrs. Ruth Bravay, Trinity Church.

Persons desiring to make referrals of the elderly or shut-ins who need the Mobile Meals service are invited to call 877-8770 or 877-1184.

Civic groups, churches or interested persons who are willing to serve as volunteers to deliver the meals may call either of the two numbers for more detailed information.

Economic Opportunity Board Issue in Office Picketing

A group of Eagle Park Acres residents who want another improvement of the unincorporated community removed from the Madison County Economic Opportunity Commission board of directors continued to picket this week outside the Madison County Economic Office, 145 Madison Ave., Madison.

Those picketing each morning at the anti-poverty commission's office in Madison are seeking to have Herman Smith, 201 Terry St., ousted from the 25-member board. Eddie Salmond, president of the Eagle Park Improvement Association, said. The pickets represent the association membership, he added.

Smith is the only minority group member appointed to the anti-poverty board to help represent the poor at the start of the county EOC operations who still remains active on the commission. He has received an appreciation award from the commission marking five years of service.

Smith attributes the ouster attempt by Salmond to "personal differences and specifically an incident last February during an election meeting of the Eagle Park Improvement Association."

Disagree With Testimony

Salmond said he and other EPIA members are protesting comments by Smith to the Illinois Commission on Human Relations at a hearing in Edwardsville, where Smith told the state group that the firing of a sheriff's deputy helped the police-community tensions in Eagle Park Acres.

Smith told the Press-Record he was referring to Salmond and that Salmond had left the sheriff's staff late last summer.

Salmond's view is that "there has never been any tension between the police and community."

He says no sheriff's deputies assigned to Eagle Park had been fired and that he resigned from the post voluntarily due to a disability.

George Musso, former sheriff of Madison County, has confirmed that Salmond resigned and was not fired.

East St. Louisans on Staff

Salmond said the Eagle Park group also is protesting the employment at the Madison EOC Center of "two residents of St. Clair County when there are people in our own area who need work."

Smith said the two to whom Salmond referred are Mrs. Dorothy Buford, assistant supervisor at the Madison EOC Center, and Mrs. Catherine Stanback, who is in charge of the emergency food voucher program.

Both women were longtime residents of Eagle Park until two or three months ago when they were able to purchase homes in East St. Louis, Smith said.

"That is what the commission's anti-poverty training and employment program is all about," Smith commented. "Giving people a chance to better themselves, and not firing them when they do."

He said the Madison County and St. Clair County Economic Opportunity Commissions work in conjunction on many EOC programs.

Salmond said his disagreement with Smith deepened following a meeting of the Improvement Association in February 1970 when a group "tried to disrupt the meeting."

Smith said that he, along with Raymond Carter, Eugene Sanders, Willie Lattin and Jason Merchant, requested postponement of election of officers until a second state of candidates could be nominated.

In a dispute that resulted, Salmond, a deputy, took custody of the five men on charges of disorderly conduct.

The five requested a jury trial, Smith said. "When nothing happened in nine months we hired a lawyer, had a trial in September and were found innocent." He said legal fees cost the defendants \$400.

"All we had to do was plead guilty to disorderly conduct and it would have been over, but we just couldn't do that," Smith said.

Smith, who retired in 1967 from American Steel Foundries on a disability pension, is a member of the Quad-City Mental Health Center board and works as a volunteer with Aid to Dependent Children offices in Edwardsville and Venice.

Salmond, who resides at 93 Hill St., is an Army veteran. Before joining the sheriff's staff in 1968, he was employed at the Madison Post Office.

Eagle Park is an unincorporated community south of Madison with a population of about 700. The association was organized several years ago to spearhead projects to improve the standard of living.

Mr. and Mrs. Bhajan Lal Rakha of San Francisco, Calif., are announcing the birth of their first child, a son, Dec. 16. The infant, whose weight was eight pounds, five ounces, has been named Aaron.

The mother is the former Kay Evangelist, a daughter of Mr. and Mrs. George Evangelist of Madison. She graduated from the Granite City High School and Washington University. The paternal grandparents are Mr. and Mrs. Jimma Rakha of New Delhi, India.

Officials at the Venice-Lincoln Technical Center in Venice told police Tuesday that twice during the day they discovered waste cans set ablaze at the school, but had extinguished the fires. The first burning waste can, discovered about 11 a.m., was thrown out of a window by a school secretary. The second fire was extinguished on the second floor. School officials are considering closing the school until the arsonist is apprehended.

Jaycees Plan Shopping Trip for 20 Youngsters

It will be a brighter Christmas for 20 local youngsters, thanks to the generosity of the Granite City Jaycees who will escort the grade school age children on a shopping trip Monday afternoon in downtown Granite City.

Ronald Benthall, chairman of the Jaycees' annual project, said the youngsters were referred to the young men's service club by Catholic Charities and Protestant Welfare Organization from families who have a boy.

Jaycees members will provide transportation for the youthful guests from their specific school building, escort them during the shopping trip and deliver the children at home afterward, Benthall said.

Miss Granite City—Ruth Ann Diak—has agreed to help the what child most urgently needs, the chairman explained.

Younger ones also may select said. Others who plan to assist are David Partney, Jaycees president and Jaycees Richard Kacera and Gary Davis.

Translations of Bible Related by Speaker

The history of Bible translations was presented Wednesday to members of the Madison Rotary Club by the Rev. Frank Christ, pastor of the First Presbyterian Church of Madison and a Rotarian.

Rev. Christ spoke at the club's weekly meeting at the Madison Recreation Center, Seventh and Lee streets.

Since the Old Testament originated in approximately 800 BC, the Bible has been published in many forms and in many different translations, even within the same language, Rev. Christ pointed out.

"Originally written in Hebrew the Bible was issued in Latin in the 4th Century AD. In 1385 AD, John Wycliffe translated the first complete version of the Bible in English and about a century and a half later Martin Luther translated the Bible into German, the speaker said.

William Tyndale in 1525 AD published an English translation that became greatly in demand. In the year 1604, King James of England appointed a committee to prepare another translation.

After seven years the famous King James version of the Bible was published in 1611, and has remained in common use since. American Bible scholars issued an Authorized English Version in 1933, Christ said.

The judging of exterior Christmas decorations will be completed Monday at 9:15 a.m. to go to the hospital and take the gifts to the children.

DeMolays Will Take Presents to Hospital

DeMolays of the James Stuart Chapter brought gifts Tuesday for children at the Shriner's Hospital.

Paul Boyer, master counselor, announced that DeMolays 16 or over will meet at the Masonic Temple Saturday at 9:15 a.m. to go to the hospital and take the gifts to the children.

United Fund Pledges Now 95% of Goal

Pledges to the Tri-Cities United Fund campaign now total \$38,106, or 95.6% of the \$40,000 goal, the U.F. Executive Committee was informed Wednesday afternoon at a meeting in the United Fund offices.

A total of \$17,894 in pledges still remains outstanding and drive leaders were urged to complete all contacts in a concentrated effort to reach the 1971 quota, Henry D. Karand, U.F. board chairman, said.

The executive group set the regular fourth quarter meeting of the United Fund board of directors for 4:45 p.m. Tuesday, Dec. 29, David L. Norton, executive director, said.

Norton requested and received permission to invest \$25,000 in undistributed funds in 90-day government certificates on which interest will be drawn pending allocation to the 19 health-welfare and service agencies supported by the annual drive.

To Invest Funds
Additional funds will be invested when pledges are received early next year, Norton said.

He explained that in 1969, investment of United Fund receipts earned a total of \$1500 in interest, which was added to the overall fund total.

A recommendation by the Executive Committee will be made at the Dec. 29 board meeting concerning the 1971 capital fund drive of the Salvation Army.

MORE ABOUT State Adopts
the election of state representatives from single-member districts, but the Cook County majority was sufficient to retain the old system of three-member districts by a 1,029,397 to 788,623 vote.

The most favorable vote on the propositions was cast for the proposal to lower the voting age. With 99% of the votes counted early today that proposal passed by 856,160 to 1,022,350.

The heaviest defeat was that dealt the proposal to abolish the death penalty. The issue received 1,185,659 "no" votes to 655,544 affirmative ballots.

The constitution and separate issues received even less attention from the Quad-City area than it did from Madison County as a whole.

In the four townships of the Quad-City area — Granite City, Venice, Nameoki and Chouteau — 4,799 votes were cast. These included a total vote of 3,663 in Granite City, 1,045 in Venice, 1,065 in Nameoki and 996 in Chouteau townships.

This total represents 21% of the total registered vote of slightly more than 22,000 voters in the four townships.

Granite City Township voters defeated the main contention document by 3 to 1 with a vote of 2,573 to 893, while in Venice the vote against the constitution was 715 to 221.

Named voters bailed 818 to 219 against the constitution, while Chouteau township voted 809 to 88 against it.

The heaviest Quad-City defeat of either of the propositions was that it was throughout the state — was the vote on the proposal to abolish the death penalty.

The total four-township vote on that proposal was 4,880 votes against and 1,402 in favor.

The question of electing state representatives by cumulative voting or from single member districts split almost evenly in the Quad-Cities, as it did in the county.

In Madison County's 193 precincts 12,183 voters favored cumulative voting and 14,494 favored single-member districts.

In the Quad-City area the vote was 715 to 221. Named voters bailed 818 to 219 against the constitution, while Chouteau township voted 809 to 88 against it.

The total Madison County vote on the constitution and four separate propositions, in all 193 precincts, was as follows: Constitution—Yes, 7,056 and No, 24,708. House cumulative voting 13,183 and single-member districts, 14,494; election judges, 5,531; abolishing death penalty, Yes, 6,094 and No, 23,809; lowering the voting age, Yes, 11,710 and No, 19,023.

24th-State Accident
AAs auto driven by Gordon F. Schaefer, East St. Louis, struck the right front of a car driven by David K. Smith, 3226 Westchester Drive, at 8 p.m. Wednesday at 24th and State streets.

Three Maeyes filed the trustee \$220 each, placed them on three years probation and ordered their removal from office last Dec. 1. He denied a defense motion to stay the sentence pending appeal but Judge Maeyes reversed by Judge Eberspacher on Dec. 5.

Rice then asked the Supreme Court for authority to file the prohibition writ to avoid the stay.

High Court Plans Hearing on Levee District Rulings
St. Clair County State's Attorney Robert Rice received the green light Tuesday to contest an appellate court decision permitting four convicted trustees of the East Side Levee & Sanitary District to remain in office pending appeals.

The Illinois Supreme Court, meeting in Chicago, gave Rice permission to oppose the delay in the removal of the trustees from office which was granted by Judge Edward C. Eberspacher of the 5th District Appellate Court.

The high court gave Judge Eberspacher and the trustees until Jan. 3 to file answers to Rice's petition for a writ of prohibition.

The trustees — Morris Campbell, George Duff, Lawrence T. Tolar and William Ebersold — were convicted of misconduct in office Sept. 21 by Associate Circuit Judge Alvin Maeyes at Belleville.

Judge Maeyes filed the trustee \$220 each, placed them on three years probation and ordered their removal from office last Dec. 1. He denied a defense motion to stay the sentence pending appeal but Judge Maeyes reversed by Judge Eberspacher on Dec. 5.

Rice then asked the Supreme Court for authority to file the prohibition writ to avoid the stay.

Four spoke-type hubcaps valued at \$125 were stolen from the 1968 auto of Fred LaCicero, 2588 Boyle Ave., while it was parked on Granite City Steel's 16th Street lot after 8 p.m. Tuesday, he reported at 11:40 p.m.

Town board members also leveled criticism at Supervisor Harry Briggs in an incident involving payment of a \$22,982 bill out of the special hard road fund which Whittell said had not been approved by a majority of the board. Briggs was not present at the meeting Monday night.

Whittell said the bill had been held up for investigation because the voucher listed the payment as being for "aggregate" and contained no itemizations. The bill, Whittell said, was taken from his desk and paid with a check issued by Briggs. There was sufficient money in the account to meet the check, but the payment resulted in an excess over the appropriation, the clerk asserted.

Board members also complained that approximately \$2,500 in road and bridge fund bills which are outstanding back to Sept. 1 have not been paid, although the claims were approved. Charles Hank's township highway commissioner, also was absent at Monday night's meeting.

Briggs said, however, that the \$22,982 bill was for payment of materials used in road work and that it had been approved by a majority of the board. He said the bill carried approval of three of the five town board members. Briggs also denied that the expenditure exceeded the appropriation.

Sanford Brown Wins, To Play Alumni Squad
Leon Bland of Madison counted 22 points in leading the Sanford Brown College basketball team to a 114-89 victory over the Washington University Dental School Tuesday night.

Sanford Brown will stage an alumni game, featuring alumni Carl Wortham of Granite City and Bob Simpson, formerly of Madison, at 8 p.m. Saturday at Christ Memorial Baptist in St. Louis.

Parking Lot Accident
Minor damage resulted when an auto driven by David L. Favier, 2729 Willow Ave., struck the auto of Merle E. Hayden, 812 Third St., Venice, at 8:10 p.m. Wednesday at the Belle-more Village shopping center.

CUB PACK 28 HOLDS CHRISTMAS MEETING

Pack Treasurer John Farrell reported that the re-chartering is due, and also reported on the current lightbulb sale.

The cub scouts brought canned goods, used blankets and rugs to the meeting. The food items were placed in a decorated basket and presented, on behalf of the pack, to Robert McCormick of the Tri-City Area United Fund.

McCormick gave a summary of work on behalf of those in need in this community. The blankets and rugs are to be taken to the Granite City Animal Shelter for use during the winter months.

Group singing of carols was led by the den mothers, and several denes presented Christmas programs.

Den Three leaders, Mrs. Joanna Spencer and Mrs. Harriet Lovins, sang a twelfth century carol, "The Friendly Beasts," using posters of various animals. Scouts taking part were Steve Spencer, John Farrell, Jimmy Lombardi, Todd Lehmkuhl, Bobby Lovins and Marc Macios.

Mrs. Spencer introduced John Jacobson, Den Three den chief, who was presented with pack and den patches for his uniform.

Holiday Toy Project By Jr. Service Club

The Granite City Junior Service Club held its December meeting and Christmas party at the Robert E. Lee restaurant Monday evening. The president, Mrs. Charlene Fohlman, was in charge of a business session preceding the dinner.

Instead of the usual gift exchange, the club decided to bring toys that will be given to the needy. Mrs. Loretta Kreckowich reported that 45 names have been submitted and that those who still wish to donate may bring toys to her home, 3600 Wabash Ave., before Dec. 22.

Three new "probies" were initiated—Mrs. Ursula Lackey, Mrs. Norma Vale and Mrs. Gonnor. Reports were given by officers, and the ladies were reminded of a federation meeting at the Inkeeper restaurant, with the Staunton Service Club as host.

A mock emergency alert for civil defense was discussed and Mrs. Fohlman noted that a switchboard operator has been obtained. Volunteers are still needed as "runners."

Mrs. Jean Ann Vrenick will be in charge of an all-occasion paper sale. Correspondence was read from the Cancer Association and from the Edwardsville Junior Service Club. Vision projects were reported on and it was noted that filled baskets will be distributed to two families.

Mrs. Marge Pennell is chairman of obtaining canned goods for the baskets and anyone who wants to contribute is to contact Miss Juanita Bell, 2230 Washington Ave.

Mrs. Lackey will take a gift to the club sponsor, Mrs. Pauly, and Mrs. Sandy Innes asked for all members to participate in a Christmas party with the birth-day club at The Colonades nursing home Dec. 21.

SANTA VISITS PARTY AT ARLINGTON HEIGHTS

The newly-organized Arlington Heights Women's Club sponsored the fourth annual Christmas party for area children Wednesday evening at the Arlington Golf Club. Approximately 40 children and their parents were in attendance. James Pohlman, master-of-ceremonies for the evening's activities, presented mothers of Lake School Brownie Troop 1156 who led the group in singing traditional Christmas songs. They also performed "Silent Night" in sign language. The group was entertained by the magic feats of J. W. Apperson and his assistant, Virginia. A prize was given to the Bill Hanfield family. While awaiting the arrival of Santa Claus, the group sang more songs. Finally, coming across the golf course, Santa arrived with one of his helpers in a white golf cart loaded with gifts for all the children. As he and the "elf" entered the door, they were greeted by a simultaneous, "Hi, Santa" from the children. He responded with a boisterous, "Ho! Ho! Ho!" He seated himself by a decorated white Christmas tree and began to distribute the gifts he had brought with him. Refreshments of Christmas cookies and punch were served. Mrs. Janet Davis was chairman of the decorating committee, assisted by Mrs. June Toigian, Mrs. Connie Strotheide, Mrs. June Theodorakis and Mrs. Mary Lou Richardson. Mrs. Faye Hester headed the entertainment committee and was assisted by Mrs. Francisca Rawden, Mrs. Mary Lou Hudson, Mrs. Elsie Anderson, Mrs. Charlene Miller and Mrs. Mary Jones. Mrs. Loreta Rakowski was chairman of the refreshment committee, assisted by Mrs. Roberta Arbeiter, Mrs. Lorene Christ and Mrs. Faye Hester. Mrs. Hester and Mrs. Rakowski. Also thanked for their efforts were Claude Miller and Johnny Jones.

New officers are president, Mrs. LaVerne Wimberly; vice-president, Mrs. Nolan; treasurer, Kathy Scholebo; and secretary, Mrs. Hill. The club discussed new rules, and hostesses for the coming months were appointed. Each member is to bring a prize for the monthly same period. Also discussed was an evening out in January instead of the regular meeting. Members will assemble at the home of Mrs. Pike and go to the Fifteen Acres Restaurant for lunch. A gift exchange was held and games were played with every one receiving prizes.

Mrs. Linda Tondre, formerly of Colorado, will remain in Granite to await the return of her husband. The young couple have a daughter, Patricia, 18 months old. Spec. Tondre is a chaplain's assistant, who is an assistant to the chaplain, left for Fort Lewis, Wash., Wednesday for the overseas assignment.

Bigger Investigative Staff Sought

To the Editor:
I express my thanks and appreciation to the people for electing me to the office of Sheriff of Madison County. I envision the sheriff's office as four distinct departments—Criminal Investigation, Civil Process, Keeper of the Jail and Patrol Deputies. By virtue of the merit system, I inherit the present personnel.

First, I will be an active sheriff, being concerned with all departments.
Second, I do not at this time plan to appoint the so-called chief deputy. Instead, I'm seeking administrative assistance who will act as a liaison man with all departments and various boards—under my direct supervision.

The standards of qualifications of this position are high. I have contacted many of the best of the Madison County Sheriff's Office, including Capt. Emil Toffant of the Illinois State Police and Maj. Pete Vasek of the Madison County Police, and plan to talk to FBI agents regarding their type qualifications.

Third, I intend to have efficiency reports on my personnel every three months and then evaluate them to determine their efficiency in their respective positions.

The primary income to this office is from the service of civil process. This department has to run at top efficiency and I pledge that it will.

The Criminal Investigation is not income producing but a cost factor to the office. However, law and order and the safety of the people of the county are of paramount importance.

At the present time, I am inheriting a department here that is staffed only by two men. Because of the budget restrictions, I am forced to continue to operate with this staff.

However, in the next budget, I'm hopeful of increasing the personnel here. The present personnel are doing the best they can within the foregoing limitations.

As time goes by, conditions may warrant temporary transfers to bolster this department until suitable budget requirements are afforded.

Fourth, we are in dire need of a new jail. I'm hopeful that the newly created Planning Commission can have a

new jail before my term expires in 1974.

I expect to support and stand behind my men. In turn, I expect them to perform and operate at top efficiency. Through an administrative assistant and myself, I expect to keep efficiency at a high level.

If my course of conduct requires changes or transfers, they will be made; if it requires demands or complaints to the Merit Board, they will be made.

I want a streamlined, fast acting, fast thinking department. If we all understand this everyone can't help but benefit.

SHERIFF JOHN MEARAS

SINGLETON MEMORIAL FUNDS BEING RAISED

To the Editor:
It would be deeply appreciated if you could print a reference to the fact that a memorial fund has been established in Collinsville to honor the late Everett Singleton.

Originally, two different collections were started, one by school personnel and one by PTA members. The two funds merged into a community collection, so that one large enough amount can be collected for what is hoped will be a fitting tribute to this fine man.

Mr. Singleton had many friends in the surrounding communities as well, including the Quad-Cities. If any of these would like to join in honoring him, they are invited to send their contribution to the Everett Singleton Memorial Fund, c/o Miss Irene Meyer, 201 West Clay St., Collinsville, 62234. She is employed in the public relations office of the Collinsville school district.

In addition to Miss Meyer, other co-chairmen are Mrs. Minnie Albertina and Mrs. Mary Francis. Ideas for the memorials are being solicited from the community committee of school and non-school personnel, who will confer with the family before a final selection is made.

Many of the contributions that have been received through the mail have included notes of tribute to or reminiscences about Mr. Singleton. A record will be kept of names of all donors so that a booklet of donors can be compiled as part of the presentation of the memorial.

FUND COMMITTEE

It is not so much how far you go as what you do. It is not so much what you see as what you learn from what you see. It is not so much how much you learn as what you do with what you learn from what you see as you go, wherever you go.

ABOUT WEIGHT CONTROL

Today I'm going to seem a spoilsport. For just as the holiday season is approaching I'm going to talk about controlling your weight. Is there method behind my meanness? Could be. For this is a time of year when lots of people gain weight and then have to lose it again, come January. Perhaps we can make you take it easy enough to simply maintain your good weight and not suffer later adjustment.

It is not good to gain, then lose, then gain again, and then lose. It is poor health and appearance. And from the standpoint of appearance, it is stupid.

Now then, to science without further diatribe.

Four Basic Questions
There are four things, in particular, that we don't fully understand about weight control. And since things we don't understand often attract misinformation and confusion, let's discuss them today.

First, we don't know much about what it is that controls appetite in humans. Nutritionists Marjorie B. Washburn and Gail G. Harrison in a book called "The Art of Appetite Control," "Food For Us All," state that appetite controlling mechanisms have been identified and located in the brain of laboratory animals. When the area which controls appetite is destroyed, the animal eats voraciously and so becomes obese.

We can assume humans have a similar mechanism but we're not yet sure how it works. And psychological factors probably are

also involved. But don't look for help from this angle yet—the evidence is not in.

Are some people more efficient in their utilization of food than others? There is little research evidence to support the idea, as reasonable as it might seem. Forgive me until a lot more research is done.

What About Nibbling?
How about frequency of eating nibbling? Does it affect the body's conversion of food to fat? Studies with rats suggest frequent small meals produce more fat than eating the same number of calories in one meal.

And finally, how about the proportion of protein, fat, and carbohydrate in your diet? Does it make any difference in how fast you lose weight?

Drastic Dieting
Many diets appear, altering the amount of one or another nutrient. Especially prominent are diets called high fat, low carbohydrate. When researched in humans, these diets have produced weight loss beyond what should be expected from the calorie deficit they employ. Such drastic dieting, including total fasting or starvation diets, should only be considered if your physician advises it.

A continuous loss of light gases from the hot, rapidly rotating mother planet caused a continuously increasing spin; this process eventually resulted in break-up, he speculated.

Dr. O'Keefe's explanation of the moon's formation would be the key to understanding the formation of the solar system, he thinks.

He is skeptical about the idea of accretion—the clumping together of small particles to form planets.

Supporting his theory, Dr. O'Keefe said, is the fact that

Fund Cutbacks May Provide Added Argument For Designation of Separate Universities

When division of the two campuses of Southern Illinois University is advocated, the reasons usually cited are the belief that SIU-SW is "big enough on its own feet" and that the combined enrollment figure is reaching unmanageable proportions.

These points may have merit, and a third reason worthy of study is the impact of the present Carbondale campus on the overall ability of SIU to obtain operation and construction funds through the Illinois Board of Higher Education and the General Assembly.

At its Dec. 2 meeting, the SIU board discussed protesting Higher Education Board decisions cutting back its monetary requests, some of the fund proposals having been reduced drastically.

One of the trustees suggested that SIU may have "deserved a licking" after "bad publicity" received over the cost of a Carbondale campus residence hall building and over a rest which closed the Carbondale campus earlier than scheduled in the spring of 1970.

It would make no sense for state legislators to ignore the obvious university needs of the populous Madison St. Clair Counties metropolitan area as a kind of "punishment" for occurrences at Carbondale. If this is occurring, it adds to the argument for designation of the two campuses as entirely separate universities.

This Area Accepting Leading Role in 1971, Mississippi River Festival Music Series

Election of Nicholas P. Veeder as president, C. E. Townsend as secretary and Ernest A. Karandeff as treasurer of the Quad-City area solid representation in the operation of the Mississippi River Festival for 1971. The Board members include Dr. Albert W. Tritan of the community.

It is fitting that the River Festival planners include many Illinoisans, because the series of outdoor summer concerts takes place on the spacious southwestern campus of Southern Illinois University. The other three officers are from Missouri, which also is appropriate, due to the participation by the St. Louis Symphony Orchestra in most of the concerts. The remaining members are by nationally known popular music groups.

After two outstanding years, the Mississippi River Festival is reaching a degree of maturity and has built a base of enthusiastic officers to port which enables the third season to be planned with a degree of confidence, despite the continuing outlook for some income-outlook disparity.

Arrangements for the 1971 series are being made well in advance, providing a real prospect that the new concerts will exceed even those of 1969 and 1970 in quality and attendance.

Even the Army Thinks Six Copies Is Enough

Our mail Tuesday morning from the State of Illinois Information Service contained a copy of a letter from the Illinois State Board of Education, dated Jan. 1, 1970, in which the board requested that the State of Illinois Information Service be authorized to purchase six copies of each book published by the State of Illinois Information Service.

The next envelope, with identical sending and receiving addresses, provided the same two copies and so did the next eight envelopes after that.

Nickel for Your Thoughts? Earth Has the Moon's Share of That Metal

(American Chemical Society)

The moon split off from the earth after the earth's core was formed, it is concluded from Apollo 11 tests, which show a deficiency of nickel in the moon. This theory was advanced at the Eastern Analytical Symposium in New York City, which was held jointly by the American Chemical Society, the Society for Applied Spectroscopy and the American Microchemical Society.

The similar density of the earth and the moon and the earth's outer "mantle" supports the conclusion that the earth fissioned into two bodies, one of which sank to the center, said Dr. John O'Keefe.

Accordingly, the earth's core contains the nickel which one might expect to find in the moon. Dr. O'Keefe, an astronomer, pointed out that the formation of the moon is one of several currently being debated, is assisted by planetary studies at NASA's Goddard Space Flight Center in Maryland.

Planets of the solar system were probably formed by the same type of process—"spinning" and fission of large planets, Dr. O'Keefe pointed out.

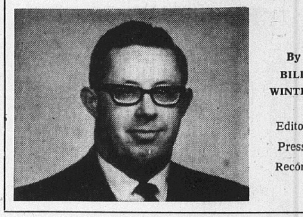

Meteors seem to be fragments of two bodies, one of which sank to the center, said Dr. O'Keefe.

Conceivably, successive fission of Jupiter and other large planets like it having a deep atmosphere of light gases, may have given rise to the planets of our system.

A continuous loss of light gases from the hot, rapidly rotating mother planet caused a continuously increasing spin; this process eventually resulted in break-up, he speculated.

Dr. O'Keefe's explanation of the moon's formation would be the key to understanding the formation of the solar system, he thinks. He is skeptical about the idea of accretion—the clumping together of small particles to form planets.

Winter Wonderland

Bill Lyons, executive secretary of the Southern Illinois Editorial Association, has developed one of the "cruellest" hobbies imaginable—forcing editors to listen as he repeats to them and to other editors some of their own prose.

His "Newslitter" accounts of the happenings in communities served by SIEA members "carve new trails in the jungles of journalism," as he puts it.

Lyons' carving tool is the stiletto of wit, used by years of reporting the activities and foibles of the men and women who report the activities and foibles of the public.

One of his favorite kinds of quotes involves recitations of the "good old days." For example, the Petersburg Observer's musings about the early automobile era:

"There were no garages, no service stations, no mechanics to get your car fixed. There were no automobile dealers as we know them."

"How was it managed? Well, in the first place there were hundreds of ways of cars. They ran all the way from the single cylinder bugs that cost about \$600 to big six-cylinder behemoths that cost as much as \$12,000. And that didn't include the body."

"If you could afford one of the high-priced jobs, you could afford to have a good carriage manufacturer make a body for it, to your specifications. And that's what happened."

"Later on some of the carriage makers decided they'd go into the automobile business and did and did, without exception into their respective shirts."

"Since there were no agencies as there are today, for then did one go about buying a car? Simple. 'He wrote to manufacturers and got their catalogs. Then he studied them and finally decided what make of car he wanted. He applied for a dealership, which entitled him to buy a car at wholesale. So that was that.'

"The engine fell out or the wheels fell off, he was in a jam, because most of the manufacturers didn't even know how the engines and wheels stay in or on, let alone what made them fall out or off."

The Newslitter also keeps track of fast-moving newsmen, like the famous Pilepeter, a former summer employee of the Press-Record. It noted that washing machines, the Russian "semiautomatic" variety, were the subject of a humorous feature by Pilepeter, now Associated Press Correspondent in Moscow.

Lyons has his own inimitable way of conveying a thought. The Bill Morgans of the Sparta News-Pioneer, he related, "converted their utility into a 'Welfare' fund, not all because of a leak in a hot water heater."

Phil Phillips "took two weeks from his Pana News-Pioneer, pre-Christmas duties to go to the Great Lakes Naval Training Center and straighten out the Navy's tangled affairs."

He asks, "Ever hear of a vibrating kitchen floor? Elvira Hamel, Vandalia Leader, has one—at least when musicians practice below."

The Fairfield Hustler, a weekly paper launched Sept. 18, "reportedly has suspended publication because of lack of advertising. That'll do it."

Helmbacher Rolling Mill Burns

A fire destroyed the plant of the Helmbacher Forge & Rolling Mill Co., Madison, a branch of the American Cast Iron Foundry Co., Wednesday morning. It also threatened the destruction of hundreds of homes before the conflagration was finally brought under control. Loss to the Helmbacher company may reach \$500,000.

It was necessary to call out all the Madison fire apparatus, and hurry calls were sent to the Venice and Granite City departments. Two fire companies from St. Louis also responded.

The flames, augmented by a heavy wind, blew at 20 miles an hour, spread quickly. The 350 men at work in the plant at 10 a.m. fled for their lives, some of them not even having time to get their coats. In ten minutes, the two-story frame office building was consumed in a few moments, the flames engulfing the structure as if it were a toy.

The gale blowing in the direction of the burning plant was finding their way to business places and residences on State for a distance of three blocks, and also carried burning debris blocks away and caused fires in various parts of Madison.

NAMEOKI CLUB COMMITTEE MEETS

Cub Pack 46 of Nameoki School held a committee meeting Monday night at 1707 Garfield Ave., home of Mr. and Mrs. Henry Mann. Cubmaster John Slay presided, and the treasurer's report was given by Bob Mosko, who announced that the candy sale is still in progress.

The December pack meeting was planned, with the theme to be "Happy Game and Fair." The meeting will begin at 7:30 p.m. in the school gym. A gift exchange will take place and the scouts are to bring items for food and clothing boxes. These "goodwill" items will be distributed in the community.

Den 2, led by Mrs. Helen Miller, den mother, will be in charge of the opening, and Den 4, led by Mrs. Evelyn Mabry, will handle the closing ceremony. Refreshments will be provided by Den 5, led by Mrs. Francis Finley.

Plans also were made for the January "Lights in the Sky" pack meeting, and announcement was made that the next committee meeting will be at the Mann home on Jan. 11.

Refreshments, provided by Mrs. Pat Heatherly of Den 6, and Mrs. Linda Hurst, her assistant, were served following the meeting. Others attending were Bennie Miller, Robert Mosko, Mr. and Mrs. Marvin Finley, Mr. and Mrs. Howard Pyle, Mrs. Evelyn Mabry, Mrs. Linda Hurst, Bernard Courtney, Jon Lybarger, and Wayne Mielely.

St. Elizabeth School Sets Lunch Policy

St. Elizabeth School has announced the establishment of a policy to determine children eligible to receive free or reduced lunches. The school has long recognized the need for helping meet the nutritional needs of students. A well-balanced, nutritious lunch is served each school day.

The charge to students who can pay is 40 cents daily. However, since some families may find it difficult to pay the full price, the school will provide these lunches free or at reduced price to those eligible. Sister Lucia, the principal, is the authority responsible for making determinations.

Families who believe their children are eligible are urged to apply. Copies of the application form and information has been sent to parents Dec. 9. Additional copies may be obtained at the school. The completed application, signed by an adult family member should be sent to Sister Lucia at the school. Such applications will be reviewed within 10 days and the family will be notified in writing of the decision.

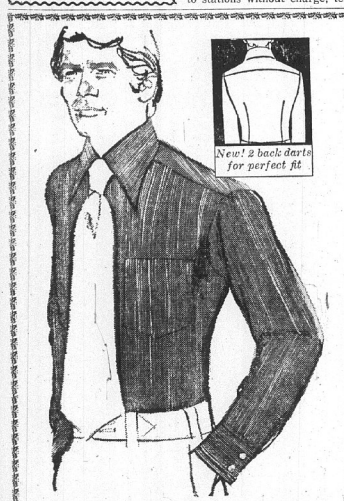

Information provided on the application will be held in the strictest confidence. Decisions for approval will be based primarily on the family income level according to a National guideline. Any unusual circumstances or hardship will be considered. If a family is not satisfied with the decision they may appeal to Father Mattingly who will review the case. This policy will be applied fairly and uniformly to all and will be effective Jan. 1.

GETTING DOWN TO CASES, Steve Barnes, a junior at Southern Illinois University - Carbondale majoring in mathematics, finds the floor of the Student Center Lounge as good a place as any to prepare for fall quarter finals being held this week. Christmas vacation will be from Saturday to Jan. 4.

Bigger Student Role At 2 SIU Campuses

"Student involvement in matters of administration and governance" will be materially supplemented through campus senates at SIU-SW and SIU at Carbondale, university trustees have predicted.

Contacted by the Illinois Board of Higher Education concerning the status of student participation in university government, the SIU board replied by noting that new senates are in the process of formation at both campuses. Each senate will include students.

The Board of Higher Education had asked the statewide campus reviews after its Ad Hoc Student Advisory Committee had recommended that it use its influence to encourage more student participation in governance at state universities.

SIU's response described new-byworded bylaws designating the Student Council as official representative organization of the entire student body.

The Council, it said, would be one of the "constituent

deans to associate deans, giving them new line responsibilities under Dean Roger Beyler. David Christensen will be the associate dean in charge of social and behavioral sciences departments. David Gohert will be reporting officer for the humanities; and Elbert Hadley will assume responsibility for the basic or natural sciences.

Miss Joanne Thorpe was named chairman of physical education for women, effective June 1, 1971, succeeding Miss Dorothy Davies, who is returning to teaching and plans a sabbatical leave in 1972.

Carroll Riley, professor of anthropology, was named SIU Museum curator.

Seniors Advised to Apply Now for SIU

Southern Illinois University at Carbondale has 11,473 spaces for underclassmen next fall, and high school seniors planning to enter SIU then have been urged to apply now for admission.

Under terms of the state's master plan for higher education, underclass freshmen-sophomore enrollments in most senior institutions have been frozen at the fall, 1970 figure. SIU enrolled 11,473 freshmen and sophomores last fall, and that's the quota will be for 1971-72.

Jerre Pfaff, SIU admissions director, said the SIU's traditional policy of never setting application deadlines may have to be changed as a result of the fall term quota. No deadline is planned now, but when the 11,473 underclass spaces have been filled, admissions will be cut off, Pfaff said.

Card Mailing Project To Hanoi Proposed

The Illinois State University chapter of Voices in America (VIVA) is sponsoring a campaign to have members of the university and community send a Christmas card to the President of the Democratic Republic of Vietnam in Hanoi, asking for humane treatment for American prisoners of war.

The major event in the campaign will be Dec. 17, at the SIU - Northeast Missouri basketball game. At the game, VIVA members will man tables and make available Christmas cards for people to fill out. VIVA members will man tables the cards. More than 2,000 Christmas cards have been donated.

Peasant to Professor Way of Student at SIU

Joe DiLillo came a long way from a small Italian peasant village under the raging war and depression, all the way to a college professorship in the United States.

It was a long, rugged way—more so because Joe, who lost his right leg during the war, played soccer to earn food to survive.

Now a doctoral student in government at Southern Illinois University at Carbondale, he still plays soccer, not for survival but for enjoyment. A member of SIU International Soccer Club, the one-legged goalie hops around out in the field, playing games or coaching others.

"I don't remember anything about having two legs, so I don't miss anything," says Joe, who is now on leave from Lincoln College near Springfield, where he taught political science for the last four years. His

immediate academic goal is to earn a Ph.D. degree by summer, 1971.

Born of peasant parents in a village near Naples (Capua, Caserta) in 1933, Joe DiLillo literally lived a war history throughout his early childhood. The village was a strategic point and sandwiched between the Allied and the Nazi armies. There were times, Joe recalls, that the whole family lived underground in the sewer, with scarcely any food. Eight out of his ten brothers and sisters died in the war: some were shot, others ended their lives in concentration camps.

Joe lost his leg when he, together with a dozen other children, was shot by the Nazi soldiers for no reason other than retaliation against Italians. He was nine years old.

Student-Teacher Interests Shown In ISU Survey

College students who are preparing to teach in Illinois high schools are more interested in subject matter, salaries and teaching conditions than in such traditional goals as motivating students or individualizing instruction, according to a random survey of 176 Illinois State University students enrolled in American public education classes.

The survey is the subject of an article "Future Teachers Look at the Profession," in the December issue of "Illinois Education," the state professional journal of the Illinois Educational Association.

The author and director of the research effort, is Dr. G. Louis Heath, ISU assistant professor of education who specializes in social foundations of education.

Mr. Heath, looking for clues to the change in outlook of prospective teachers in such fields as the past five years, notes that students respond more like "bread-and-butter trade unionists than pedagogues infused with missionary zeal."

He reports that 69% of the group believe it proper for teachers to strike and that 41% feel teaching has become less rewarding.

About 62% of the same claim that subject matter is more important than the student, 48% want to teach in an urban school, and 35% prefer membership in the American Federation of Teachers rather than the National Education Association, the ISU professor reports.

Toys Used to Teach Scientific Principles

Children related to 24 area science teachers may or may not find toys in their Christmas stockings, depending on the outcome of weeks of work by the teachers with toys for the Project Physics course at Southern Illinois University-Southwestern.

Every Tuesday these teachers retrieved toy tractors or race cars from a storeroom in the science laboratory as a part of their classroom work.

The teachers were not really playing, Fred Zurheide, director of the physics course says, but they were learning new methods of explaining complicated principles of physics to junior and high school students through familiar objects.

With the use of demonstration props, such as toys, he explained, "the classroom teacher is able to exhibit and explain scientific principles that are complicated and baffling to a young student, which otherwise might have a discouraging effect on his scientific interest."

In addition, Zurheide said the expense of manufacturing props often prevents smaller schools from obtaining suitable devices or larger schools from purchasing enough equipment.

As an example, the locomotion of toy tractors and race cars demonstrate constant motion and low friction principles. Also a ripple tank, made from easily obtainable materials, can demonstrate many principles of waves, whether they are light, sound or tidal waves. The student sees how the civil engineer may design a barrier for building a harbor, or how an acoustical engineer builds a recording studio.

New Design Approved For Building at SIU

A revamped design for a Center for the Advanced Study of the Physical Sciences at Southern Illinois University's Carbondale campus has been approved by the SIU board of trustees.

First schematic plans submitted last July by San Francisco Architects Reid and Tarras were turned back by the board because of objections to exterior design features. The plans included windowless additions that could be bolted in place as space demands grew.

The new proposal is for a three-story "T" shaped building, inset at the entrance with a canopy walkway. Pods have been removed.

The structure, approved in 1969 as an Illinois Building Authority project and in the planning stages since then, would house advanced research and studies in physics, chemistry and geology. As now planned, it would include about 14,000 square feet, 60% laboratories, and the rest in shops, special laboratories and service areas.

The 76th General Assembly authorized the IBA for the building was \$7,415,000, including \$2.5 million in anticipated federal grants.

The building is to be located at Lincoln Drive east of the existing James W. Neckers Physical Sciences Building. Money for the building as yet not been released.

Three Acres Allotted For New SIU Building

Three acres of Southern Illinois University campus land at Carbondale have been transferred to the Illinois Building Authority in a step toward construction of a \$13 million humanities-social sciences building.

In a companion action the SIU board of trustees approved a lease with the IBA to legalize payment of rentals on the project. The authority is empowered to issue bonds for constructing state buildings, and the General Assembly appropriates money to retire construction costs through rentals.

The bid call date for the 900-foot long structure has been set back from Dec. 22 to Dec. 29, according to SIU architects. So far, four construction firms have picked up building specifications.

Now! Delivering fresh daily.

Made while you sleep? Could be. Because now that Chevy's back in business, we're putting in a lot of hours and turning out a lot of Chevrolets. And we're shipping them every day to Chevy dealers all over the country. If you haven't taken a good look at our '71s, now's the perfect time. Here are a few examples of what you'll see.

New Vega. The little car that does everything well.

When we say "everything," we mean it. For instance, even though most minis would rather not talk about roominess, Vega brags about it. No small wonder. *Automotive Industries* magazine (impartial and unbiased) reports Vega is the roomiest of the new subcompacts, with about 90% as much space as the typical standard-sized car.

The '71 Impala. We've been building up to this much Impala for years.

Know what's the roomiest '71 car in the U.S.A.? No, not one of the big, luxurious high-priced cars, but the big, luxurious Chevrolet-priced Chevrolet.

(*Automotive Industries* magazine spells out the details in their October 1 issue.)

You've changed. We've changed.

The big difference in the 1971 Chevrolets is a change in attitude. Yours and ours. You're more concerned about continuing improvements. You want meaningful change and built-in value. That's why our '71 Chevrolet, Camaro, Nova and Monte Carlo have quite a bit of change built into them. But their looks have hardly changed at all.

If you're looking for a new car (or even if you're just window shopping), your Chevy dealer has a lot more you'll be interested in. Either way, come on in. We're delivering the goods.

Soil conservation practice work approved during the past year under the agricultural conservation program is to be completed by Dec. 31, according to

a warning issued today by Lee Rogers, regional director. Report of work accomplished should be immediately filed with or mailed to the Agricultural Stabilization and Conservation Service office at Edwardsville. Only by this action can prompt payment be assured.

For certain practices, such as ponds and waterways, a limited extension in time may be granted on request if the project has been started but for good reason could not be fully completed. Farmers having such projects should discuss the matter with the ASCS office as soon as possible. However, it should be clearly understood, continued Mr. Rogers, that no extension in time can be granted for the application of limestone and rock phosphate. These materials must be applied by Dec. 31 in order to earn payment under the existing approval.

Rogers also said that Dec. 31 is the final date to complete and report performance on 1969 practices that have been carried over into 1970 as substantially completed. No extension of time beyond December 31, 1970, can be granted for the completion and the reporting of performance for such practices. Any practice undertaken after the beginning of the new year will not be eligible for cost-sharing assistance unless a new 1971 request is made before the work is started.

Advise Early Start For Airport Due to Traffic

Patrons of Lambert-St. Louis Municipal Airport during the Christmas New Year holiday period are being urged to allow themselves plenty of extra time when coming to or from the airport, in view of the extra heavy holiday traffic and the construction of the new 3000-car parking garage now in progress at the airport.

The advice was given by Airport Manager Henry J. Bromschwig, who said further, "If you attempt to make a split-second schedule, you may be disappointed. Start 15 to 30 minutes early."

He also advised the use of the airport's Long Term parking area, which has a free shuttle bus which operates to the terminal, carrying passengers and their luggage, at 5-minute intervals. When possible, he also suggested the use of public transportation; Airport Limousine Service, Bi-State bus or taxicabs in order to reduce the number of automobiles coming to the airport during the period.

Bromschwig's tips on parking were made during a "Festival of Holiday Greetings" ceremony in which women employees of the airport offices and representatives of the airlines and other tenants participated under the Christmas tree erected in the airport terminal.

The theme of "Happy Parking" was stressed in individual greeting cards with printed parking information and complimentary car litter bags for distribution to patrons during the holiday season.

The airport manager called attention to the anticipated completion of the 3000-car parking garage next year, saying, "This is going to be a wonderful convenience, the largest of its kind in the St. Louis area, when it is completed, but with the construction in progress and with the greater volume of traffic during the holiday period, we urgently request the cooperation, the patience and understanding of everyone so as to avoid or minimize traffic congestion during peak periods. We want to make our wish for "Happy Parking" to be a reality."

The anticipated completion of the new parking garage in 1971 was symbolized by a large gift package. At the conclusion of the ceremony, 3-year-old Matthew Thomas Schmitz of 11740 Hollycrest, Maryland Heights, burst from the interior of the package driving a toy car decorated with signs pertaining to the new parking garage and wishing patrons "Happy Parking" in the New Year.

The 50-voice S. O. A. High School Concert Choir, conducted by Charles H. Gladney, participated under the auspices of the St. Louis Christmas Carols Association.

Bromschwig announced that extra parking personnel has been arranged for the holiday season, adding, "All of us want to do all we can in this season to give you the best parking service possible."

CONCORDIA LUTHERAN CHURCH

23rd Street and Grand Avenue
Rev. Arvin Twietmeyer, minister

The celebration of Christmas at Concordia Lutheran Church, 23rd Street and Grand Avenue, begins Sunday with caroling, when several groups in Concordia will carol the shut-ins, sick and aged in the congregation.

The Christmas festival will be observed with three special worship services, two on Christmas Eve and one on Christmas Day. In song and recitation on Christmas Eve at 7 the congregation's Sunday School children under the direction of Superintendent H. A. Ameling and Miss Norma Jean Rivior will present the story of Christmas in a program entitled "Peace for the Uproar."

Concordia's Midnite Christmas celebration of the Mass of Christmas begins at 11:30 and features a quiet, reverent, personalized celebration of the Holy Meal in "Torch light." This worship will begin with the congregation's customary youth procession with the cross and Christmas banner.

The Festival worship on Christmas Day also will celebrate the Sacrament and begins at 9 a.m. Miss Debbie Fechte will be the Christmas organist and Kenneth Reuter's trumpet will lend occasional brilliance to the Christmas worship.

Madison School Board to Discuss Fire Prevention

Installation of two fire hydrants at the rear of Madison High School and preliminary action to have the stage curtains fireproofed at that school are among the items to be discussed at the Madison School Board's regular meeting at 7:30 p.m. today in the school board office, 1707 Fourth St., Madison.

Only one fire hydrant now serves the high school and the nearest additional water source is three blocks away. The cost of the two fire plugs is estimated at \$500. Representatives from the city of Madison will be present to discuss the plans with the Board of Education.

Bids also will be accepted at tonight's meeting for the fireproofing, cleaning and repairing of the present stage curtains or, if necessary, their replacement with new fireproof curtains.

The two moves were prompted by the recent fire at Granite City High School.

City representatives will discuss plans to release three or four acres adjacent to the present high school property for possible future expansion of the school or the construction of a vocational school on that site.

The land is part of the present Stephen Macraes Industrial Park and is owned by the city. Plans for the property are still "in a very preliminary stage," according to the new School Superintendent Fred Riddle.

Santa Claus to Visit Neighborhood Center

Santa Claus will visit the Neighborhood EOC Center at 145 Madison Ave., Madison, during a Christmas party for underprivileged children, scheduled to begin at 10 a.m. Wednesday, at the Center.

Mrs. Dorothy Buford, assistant supervisor at the Madison County Economic Commission's neighborhood facility, said the Yule party will be restricted to youngsters between the ages of 3 and 11 years.

Candies, fruit and other special treats will be distributed by Santa Claus to the children, she said.

SGT. JOHN ORTOLAN
Wins Bronze Star

Bronze Star Awarded Sgt. John Ortolan
The Bronze Star Medal for meritorious services in connection with ground operations against a hostile force in the Republic of Vietnam has been awarded to Army Sgt. John D. Ortolan, the son of Mr. and Mrs. Russell Ames, 3236 Carlson Ave.
Sgt. Ortolan, who returned in August to Vietnam where he was wounded seriously (two years ago), received the Air Medal last month for meritorious achievement while participating in aerial flights in Vietnam.

A paratrooper in the 1st Battalion (Airborne), 503rd Infantry Regiment, Sgt. Ortolan is expected to return home late this month or early January, his family said.
The local serviceman was wounded in action Sept. 27, 1968, while fighting near An Khe, Vietnam, with the 101st Airmobile Division. He suffered metal fragmentation wounds to the left hip which resulted in a fractured pelvis bone and injured an area near the spine. On his initial tour, Sgt. Ortolan had been in Vietnam only five weeks when wounded.

A 1967 graduate of Granite City High School, the paratrooper enlisted in the service on Jan. 16, 1968. He underwent basic training at Ft. McClellan, Ala., and volunteered to take jump instruction at Ft. Benning, Ga., before leaving for duty overseas.

YOUTHFUL BELLRINGERS aiding the Salvation Army Christmas drive included Sheryl Blockberger, 39 Moreland Drive, who gives a cheerful smile as Henry A. Sajak, 2724 Harding Blvd., drops a coin in the kettle at Nameoki Village Shopping Center. Twenty-four youths rang bells during the weekend for the Youth Committee of the Tri-Cities Chamber of Commerce at Nameoki Village, the Bellemore Village Shopping Center, Gaslight Plaza and at Schermer's Market.

Yule Party Set Friday At Kirkpatrick Homes

A Christmas party for youngsters 12 years and under who reside in the Kirkpatrick Homes is scheduled for 6 p.m. Friday in the housing complex recreation center, Mrs. Josie Cottrell, president of the Kirkpatrick Homes Improvement Association, announced today.
Sponsored by the association, the festive occasion will feature a visit by Santa Claus, who will distribute treats to the children, and a cartoon show.
Younger children should be accompanied by a parent or an older escort, Mrs. Cottrell said. The party will last approximately two hours, she added.

Wrong College Choice Causes Flunking Out

Much of the flunking out and disaffection of college students is caused because the school was chosen for the wrong reason, according to Washington, D. C. College Placement Bureau Director Loren Pope.
Students usually choose a college on the basis of what they have heard about it from family and friends and the impression the college representative makes, Pope explains. "It's the effect of the brand name and of the salesman—not very reliable criteria for most."
"College selection is the one major consumer area of our economy where there is no consumer research and evaluation," Pope continues, "though picking a college should be more important than choosing a car or a kitchen appliance."
He advises parents to recognize the scholastic limitations of their children and encourage them to apply to colleges that have student bodies of the same general academic achievement. "It is not wise," Pope concludes "to push for a top-demanding college with the oft-made argument that this youth is a 'late bloomer.'"

Medicare Claims Must Be Filed by Dec. 31

The deadline for filing Medicare medical insurance claims for services received Oct. 1, 1968, through Sept. 30, 1969, is Dec. 31, according to Ralph Brasher, Social Security district manager in East St. Louis.
"Under the law, Medicare can pay your medical insurance claim only within a certain time after treatment or other service. If you have Medicare medical insurance and received covered services during the period of Oct. 1, 1968, through Sept. 30, 1969, claims must be filed before the end of this year," Brasher said. "After Dec. 31, 1970, Medicare cannot pay on these bills."
Brasher said that anyone needing claim forms for Medicare medical insurance or related information should call

Regional Report--Airport \$150 Million Costlier If Missouri Site Is Utilized

The proposed second major airport for the St. Louis area is back as a major news item. The administrator of the Federal Aviation Administration, John Shaffer, rejected a request by the Missouri Division of Commerce and Industrial Development for \$125,000 to match state funds to study possible Missouri sites for the proposed \$150 million development. Shaffer requested Missouri officials to cooperate with the Illinois project, indicating that the airport location has been studied almost to the point of exhaustion by professional aviation consulting organizations and by the FAA.

Missouri Gov. Hearnes and St. Louis County Supervisor Roos have asked the U.S. Secretary of Transportation to restate funds to study possible Missouri sites for the proposed \$150 million development. The Missouri Division of Commerce and Industrial Development still plans to go ahead with its study for a new airport, using solely state funds.

Three St. Louis construction labor leaders have requested a public hearing on the proposal introduced by St. Louis Mayor Carver to cooperate with Illinois in the development and operation of the new airport; the construction leaders reportedly favor a Missouri site. Brian Wahlen, an assistant to Illinois Gov. Ogilvie, has noted that construction costs for the airport on any Missouri site would be nearly \$150 million more than in Illinois.

102-Room Inn Planned

In other airport news, a 102-room Ramada Inn has been proposed at the Civic Memorial Airport near Alton-Wood River. The motel to be built at the corner of Illinois Routes 140 and 111 will serve flying guests as well as those who travel by car. The motel site itself was annexed last week by the village of Bethalto.

The proposal of the Rosewood Heights Sanitary District to connect sewer lines to systems in either East Alton or Wood River has been rejected by the two municipalities. The two options left to Rosewood Heights are to annex East Alton or Wood River or to construct its own sewage treatment facilities.

Treatment Plant, Interceptors
A secondary sewage treatment plant and interceptor sewers have been proposed for Granite City by Mayor Donald Partney. The majority of the cost of the \$7.5 million project would be borne by the federal and state governments.

The village of East Alton is now larger by more than 1,100 acres, due to the action of the village board in annexing the

property of the Olin Corp. between the village and Illinois Route 140.

The 1.21 square mile of land was annexed at the request of the corporation; it has an estimated value of over \$2 million. A hearing on a petition to detach the Belscot store and nearly 40 homes from the city of Fairview Heights has been reset until Dec. 21 in St. Clair County Circuit Court.

According to officials of Fairview Heights, who are opposing the petition, over 20% of the city's revenue comes from the area petitioning for detachment. The petitioners are reportedly not receiving enough municipal services from Fairview Heights and are considering annexing to O'Fallon.

Members of two locals of the United Paper Workers and Paper Makers Union, AFL-CIO, continued their strike against the Alton Box Board Co. in Alton, following a rejection of a company offer to settle the strike.

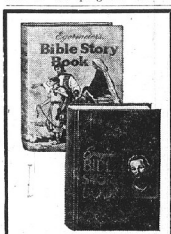

The proposal reportedly contained wage increases of between 21 and 23 cents per hour during each of the three years of the proposed contract but did not contain a cost of living increase.

Bond Issue, State Loan
A \$840,000 bond issue and an interest free loan of \$1.6 million from the state of Illinois have been approved by voters in the O'Fallon grade school district. An architectural firm from Mount Vernon will draw up the plans for the new schools.

The exact number of schools that will be built depends on how much money can be obtained from the Illinois School Building Commission and when these funds will be available.

The first people trained in the Intensive Training and Employment Program in East St. Louis will be employed by the Illinois Department of Conservation beginning Jan. 1, 1971. The three will work in the Springfield offices of the department as clerk-typists.

Another Intensive Training and Employment Program to train 148 people in skills for home building began this week. It is expected that the graduates of the program will be

200 Attend Yule Party Of Mexican Commission

Breaking a colorful "piñata" to scatter treats for the youngsters, a traditional custom in Mexico, was among the highlights of the Mexican Honorary Commission's annual Christmas party held Sunday at the Venice-Madison American Legion Home in Venice.

More than 200 attended the affair and enjoyed entertainment by the "Odds and Ends" Santa Claus presented gifts to the children and refreshments were served. Miss Tresa Ortiz headed the committee which arranged the party.

Mr. and Mrs. John Buckingham and Mr. and Mrs. Manuel Valencia were selected to receive a free telephone call to their sons serving overseas in the Armed Forces.

Expenses involved in the transoceanic calls will be paid by the Commission, Steve Ortiz, MHC president, said. Families with military personnel abroad registered at the start of Sunday's party, Ortiz explained.

Other prizes were awarded to Ronald Goldschmidt, teenage boys, Barbara Walker, teenage girls, and Tom Carrey and Antonio Lopez, in the adult division.

Twice nice.

Once nice: a beautiful bottle.
Twice nice: a magnificent Bourbon.

But before you succumb to the charm of our Holiday decanter and bright gift wraps, we'd like to introduce the gallant white oak barrels that make it all possible.

These barrels, charred on the inside to precisely 1/4th of an inch, take our newly distilled "Young" Fitzgerald and school it in the art of greatness.

Years later "Old" Fitzgerald emerges triumphant from its white oak school room—ready for the most discriminating consumers of fine Bourbon.

We tell you about our barrels, which are used (gulp!) just once*, for without them there would be no twice nice story to tell.

Lunch Policy Set at Sacred Heart School

Sacred Heart School has announced the establishment of a policy to determine children eligible to receive free or reduced price lunches. The school district has long recognized the need for helping meet the nutritional needs of students. A well-balanced nutritious lunch is served each school day in the Sacred Heart school cafeteria.

The charge to students who can pay is 40c daily. However, since some families may find it difficult to pay the full price for their children, the school will provide these lunches free or at a reduced price to those children determined eligible. Sister Mary Estelle, principal of Sacred Heart school, is the authority responsible for making determinations.

Families who believe that their children may be eligible for free or reduced price lunches are urged to apply. Copies of the application form and information regarding procedures for application were sent to parents Dec. 7. Additional copies may be obtained or the complete policy may be reviewed by any interested parent at Sacred Heart School, 2600 Washington Ave.

The completed application, signed by an adult family member should be sent to Sister Mary Estelle, principal of Sacred Heart School, 2600 Washington Ave.

Granite City PRESS-RECORD

Thurs., Dec. 17, 1970 Page 45

Information provided on the application will be held in the strictest confidence. Decisions for approval will be based primarily on the family income level according to a national guideline used by participating schools throughout the United States and prescribed by the Secretary of Agriculture.

Any unusual circumstances or hardships which affect the family's ability to pay for the lunches will also be considered. If a family is not satisfied with the decision made regarding their application, they may appeal the request to Rev. Joseph Enright, pastor, who will review the application to try to make satisfactory arrangements. The district policy will be applied fairly and uniformly to all children and will be effective January 1.

YOUR Independent AGENT SERVES YOU FIRST

The cheap insurance policy. Is it worth it?
Not if cheap insurance means anything less than full protection.

It may surprise you to learn that there are some very real differences among the policies that various fire and casualty companies offer.

How can you take advantage of them, though, when you don't know what they are?

An independent insurance agent knows. He'll go over your coverage with you. Weigh it in the light of your wants and budget. Compare it with other policies on the market.

An independent agent can do this because he represents several fine insurance companies offering a range of policies for your home or business.

Where can you find this trained professional, and what do his services cost? Look for his Big "I" symbol. The advice and recommendations of an independent agent are free, and obligate you in no way.

See him soon. Putting it off could cost you more than a cut-rate policy can save you in a lifetime.

Christmas Concert Set Friday at Prather JHS

The 11th annual Christmas concert presented by the Prather Junior High School band, under the direction of Miss Elsie Mayhew, will be held at 8 p.m. Friday in the school gym. Admission is free and the public is invited.

Sixty-five students will participate, playing a variety of both standard and seasonal selections.

Featured will be two soloists and three smaller instrumental groups. A tenor saxophone solo of "Nola" will be played by Theresa Gilliam and a clarinet solo "Clarinet Polka" by Paula White.

A flute ensemble, composed of Patty Gerlach, Barbara LeMaster, Lucinda Ebling, Barbara Black, Kathy Justice and Lorraine Jones, will perform a novelty "Tutti Fluti".

Members of a brass ensemble, Mark Poulton, Terry Meyers, James Blackwell, Michael Schanuel, Greg Christich, Chris Smith, Billy Hubbard, Cynthia

Marshall, Mark Cox, John Scheffel, Mark Summers, Larry Soechting and Jack Douglas, will present "Onward, Christian Soldiers."

A piano ensemble, made up of Theresa Gilliam, Billy Hubbard, Kathy Lane and Miss Mayhew, will do a Christmas number "Parade of the Wooden Soldiers."

The band program will include "Proudly We Play" march, "Sleeps of Kalmara" overture, highlights from "The Music Man," a beguine paraphrase "Polovetzian Dances," and a novelty, "The Syncopeated Clock."

Christmas selections will consist of a variety of "Christmas Greetings"; two medleys of familiar carols entitled "Christmas Moods" and "Yuletide Festival"; and in closing, the popular "White Christmas."

After the concert, refreshments will be served by the band parents with Mrs. Rose Jones in charge.

'Roku' to Play at 'Y' Teen Town on Saturday

The YMCA Teen Town will feature "Roku" at its weekly dance Saturday night.

The group has been at the "Y" on previous occasions.

Regular admission will be charged for the 8:30 to 11:30 p.m. dance. "Eliase" has been booked to play the Christmas dance on Dec. 26.
